

- Phase 1- Reverse Factoring- The financier is funding the MSMEs against the invoice provided by the Buyer.

Why not Trades platform- There are no options for Buyers to get additional benefits if he disburse the funds early.

Why credInvoice-

- Using Credinvoice the buyer will get discounts against the invoice for releasing the payments early.
 - Additional option for funding using financiers.
-
- Phase 2- Invoice Funding
-
- Phase 3- NBFC, Lend by CredInvoice Books
